Fast Stain

Enhance the color of concrete floors quickly and easily with Westcoat Fast Stain - an environmentally friendly, solvent soluble, deep-penetrating powdered dye. For use on interior concrete, Fast Stain dries to the touch in seconds when mixed with acetone and offers a quick and easy installation process. Fast Stain can be used as a primary coloring system and is perfect for polished concrete or grind and stain systems.

Fast Stain Grind & Seal

Fast Stain Grind & Seal System is a process of grinding the concrete and applying Westcoat's SC-36 Fast Stain acetone dye and choice of Westcoat protective sealer. There are no acidic ingredients used, and contains low VOC, making it a more environmentally friendly system. Designed to be used directly over existing concrete on interior applications. A perfect way to color plain or old concrete in showrooms, salons, restaurants, offices, residential and commercial concrete floors. Recommended for use on interior floors with medium to heavy foot traffic.

Fast Stain Grind & Seal

Grind Stain Protective Seal

Fast Stain Polish

The Fast Stain Polish System incorporates Westcoat SC-21 Lithium Silicate and SC-36 Fast Stain into a polishing system that provides a long-lasting concrete surface with varying degrees of gloss and color. The Fast Stain Grind & Polish System is designed to revitalize and transform concrete into a reflective semi-impervious surface. For use over existing interior concrete substrates such as garage floors, restaurant floors, showrooms, it can be installed in both commercial and residential environments.
